SOME TOBACCO

Was That Sold at the Independent-Central Yesterday Morning.

The Independent-Central Warehouse yesterday morning broke the market and floor records for the highest average of any loose leaf warehouse in this state, and it was some tobacco that helped little Steele broaden his smile over the other fellows. There were two crops, one from this county and one from Gallia county, Ohio, that made things go up where they were piled on sale. Both were good ones, and after the sales and the figures had been footed up it was found they averaged \$20.03, something out of the ordinary, and who would have thought ten years ago that tobacco would be reached that figure? These figures prove that the Maysville market is far ahead of all others in this state.

The gentler sex is noted for being vain. But our experience proves that a man or boy is just as proud of his appearance. So we have a suggestion for the ladies—buy him something to wear—if you want to make him happy. Our stock of gifts for men and boys is varied, excellent and everything sensibly priced.

D. HECHINGER & CO.

As the Christmas season draws near a large number of students at colleges in this and neighboring states are returning to spend the holidays with their dear ones. Maysville is represented in almost every large school within several hundred miles and all of these students acquit themselves very creditably as shown by frequent reports received from them.

ONLY TWO DAYS

More Will the Big Removal Sale of Melvin, Knox & Diener Hold Forth and all Should Take Advantage of the Many Bargains Offered.

The big removal sale of Melvin, Knox & Diener, which opened on last Wednesday week, has drawn very large crowds to their store on Sutton street on each day of the sale and the many bargains which were to be found on last week have been greatly reduced in number. There are still a number of excellent bargains in this store however and all who are in a quandary as to what to purchase for Christmas presents for either friends or members of the family should visit this store, where they will be sure to find something that will suit everyone.

There will only be two more days of the big sale and everyone that is contemplating visiting this store should do so at once. The largest number of bargains that have ever been placed before the public of this city and county are offered in this sale and one who will appreciate the great sacrifice being made by this firm.

Through the entire sale the number of persons that have visited the store have spent several thousand dollars and all of them have left the establishment well satisfied that they were getting the best bargain that could be found anywhere. The managers of the store know that satisfied customers are the best assets to big sales and therefore have taken great pains to this end.

The company will remove to their new store on East Second street soon after the first of the year and will continue their extensive business of selling furniture and conducting their undertaking establishment from that place.

BEST SALES

Of the Entire Season Held Yesterday on the Local Tobacco Market When 100,510 Pounds Sold at an Average of \$17.46 Per Hundred.

Sales Wednesday on the Maysville tobacco breaks totaled 100,510 pounds and averaged \$17.46 per hundred, which breaks all records for this market, the highest price before but little exceeding \$17 per hundred. The prices of the week yesterday ranged from \$8 to \$35 per hundred.

The tobacco was sold rapidly on yesterday and no rejections were reported to this office. The farmers seemed to be well pleased with the price the tobacco is bringing, for never since the Civil War have such prices been given for tobacco in this state.

A large quantity of tobacco came in all day yesterday and far into the night. The first sales of the morning were held in the Growers house. The weather conditions are most favorable for curing the weed, although the rain and bad condition of a great many of the roads in the county is keeping a large amount of tobacco back from the market.

The market will close today for the Christmas holidays and a large number of prominent warehousemen will go to their homes in other states. The market will reopen on Thursday, December 28, just one week after the close.

CHRISTMAS ENTERTAINMENT

The Sunday School Christmas entertainment of the Third Street M. E. Church will take place Friday evening beginning at 7 o'clock. No one will know the nature of the program until that evening as each of the twelve classes is responsible for one or more numbers not to exceed five minutes. There will likely be recitations, songs, etc., with a special "stunt" by "Old Santa" himself. An offering will be taken for the benefit of the superannuated preachers of the Kentucky Conference. It is hoped that every member of the school will be present. The public is cordially invited to attend.

BOARD OF DIRECTORS

Of the Maysville Chamber of Commerce Hold Interview With Mr. Ralph E. Thomas of Portsmouth, Secretary of the Board of Trade of That City.

A meeting of the Board of Directors of the Maysville Chamber of Commerce was held yesterday in the headquarters of that organization in the First-Standard Bank for the purpose of interviewing Mr. Ralph E. Thomas of Portsmouth, Ohio, secretary of the Board of Trade of that city. Mr. Thomas had been requested by the Board of Directors to pay this city a visit and have a talk with them. The Board is trying very hard to find a man to take the place of Mr. Thomas P. Boone, resigned secretary of the local Chamber of Commerce, and all of them seemed very favorably impressed with Mr. Thomas.

Although the Portsmouth gentleman did not state whether or not he would consider a proposition from the local organization or not, he seemed perfectly frank with the Board. Mr. Thomas has been secretary of the Board of Trade in Portsmouth for a number of years and is reported to be a live wire. He has had much experience in conducting the Portsmouth Korn Carnival, which is very similar to the Tobacco Fair and Corn Show held in Maysville the latter part of November. He would undoubtedly be a great asset to the local organization and the Board of Directors would make a wise choice in choosing him.

However, the Board will look around a bit more before making a final choice in the matter. They will doubtless make a choice by the middle of January, about which time Mr. Boone will leave for Henderson. It is now thought that an outside man will be chosen, although at first it was reported that a Maysville man would be chosen for the position.

\$17,000,000 MORE NEEDED FOR PANAMA CANAL WORK

New York, December 19.—An added expenditure of \$17,000,000 is required for the maintenance, construction and completion of the Panama Canal, according to Col. Chester Harding, U. S. A., Governor of the canal zone, who arrived here today on the United Fruit Steamship Metapan. Colonel Harding, who was accompanied by his wife and daughter, said that after a brief stay in this city he would proceed to Washington to place before the appropriation committee of Congress a request for the needed funds.

request for the needed funds.

The canal force, Colonel Harding said, now consists of 23,000 men and their number will be needed for several years to come. The Culebra cut has been cleared of slides and the depth of the canal averages from 35 to 45 feet. The toll for the month of November amounted to \$450,000, he declared, an amount in excess of the cost of operation. In normal times the canal would prove a profitable investment, Colonel Harding asserted.

HARVESTING TREES

An Important Winter Industry in New England.

Balsam Fir Most Popular Because of Its Symmetry and Almost Perfect Shape—Shipped to Big Eastern Cities.

THROUGHOUT New England, and especially in Maine, where, a study by the forest service shows, balsam firs grow to best advantage, the annual cutting and shipment of this ideal Christmas tree is an important early winter industry. Most of the hundreds of thousands of felled-covered trees that are set up each Christmas season in the homes of Boston, New York and Philadelphia are balsam firs, and many of the selected specimens are even shipped from their places of growth to such cities as Baltimore, Washington, Chicago and the cities of the middle West.

The reason for the great popularity of the balsam fir as a Christmas tree is its symmetrical and practically perfect conical shape. That the aid of this Christmas tree par excellence in carrying out the customary observance of Christmas may be had for a number of seasons yet is indicated by the report of the forest service, which estimates that the total stand of balsam fir throughout its

Sorting the Trees.

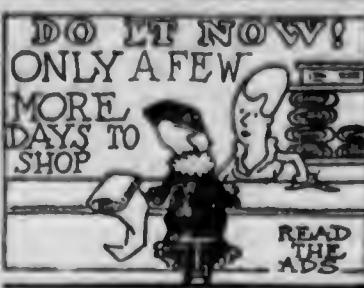

range of commercial occurrence in the United States is in the neighborhood of 5,000,000,000 board feet. In addition there is a larger quantity in Canada. There is a growing demand for the woods, however, for a variety of uses, and it is figured that something like 175,000,000 board feet are being cut in the United States annually. Many thousands of feet of this cut go to satisfy the Christmas demands.

But it is not only as the burden bearer of gifts that the balsam fir contributes to Christmas observances. It also serves in less easily recognized forms. Its white, straight-grained wood has come to be used more and more in the manufacture of toys that hang from the branches of its younger fellows and from the branches of the other evergreens that are widely used in many parts of the country. The wood of the balsam fir is used to a large extent, also, in the manufacture of excelsior, of which thousands of tons are used each holiday season for packing gifts that are sent by express and mail.

Balsam fir is the source, too, of the wood from which are made many of the food containers, such as fruit baskets and butter boxes, in which materials for the Christmas dinner are brought to the market, the tastelessness of the wood making it unsurpassed for such uses. Finally, the balsam fir is being increasingly used for the manufacture of paper, and this, wrapped around thousands of holiday packages, adds still another chapter to the list of the tree's almost indispensable usefulness as a factor in Christmas observances.

Juvenile Sophistication.
"I told my youngest son there wasn't any Santa Claus."
"Did he seem sorry?"
"No. Said he knew it all the time, but was trying to keep it from me so as not to spoil my Christmas."

Useful Christmas Plant.
Cyclamen is one of the most useful Christmas plants. It comes in various colors and if kept in a room that is not too dry or warm will bloom several weeks.

TALKS LANGUAGE OF GORILLAS—SCIENTIST WILL BE DECOY IN HUNT FOR AFRICAN APES

New York, December 19.—With Prof. Richard Lynch Garner, an expert in the monkey language, as a decoy, scientists from the Smithsonian Institution and the American Museum of Natural History, are on their way to the French Congo in Africa after skins and skeletons of gorillas for a group to be mounted at the American museum. The party left yesterday aboard the steamship Chicago, of the French

line. Prof. Garner once lived for seven years in a bamboo hut in Africa studying the language and habits of the apes. He acquired a vocabulary of 20 words which, he said, is the limit of the ape linguistic accomplishments. Armed with this vocabulary, Prof. Garner will sit as a decoy, employing the language to lure gorillas to the stand where men are to be stationed with rifles.

Rev. A. F. Stahl, pastor of the Christian Church, yesterday married Mr. Henry Smoot Thompson and Miss Edna Ashley, both of Minerva. They were accompanied by Mr. Lee L. Hoyle of Minerva. They left later on a short wedding trip to Lexington.

A short time later Mr. Stahl married Mr. Roy Mitchell and Miss Ruby Lee Phelps, both of Floningsburg. They were accompanied by Mr. and Mrs. Millard McCabe and later left for Cincinnati.

The most beautiful line of handsome "CAMEOS" ever shown at Murphy's Jewelry Store. Call and see them.

OFFICIAL OPENING

Today, December 21, is the coronation day of Old King Winter. His reign beginning officially and continuing until March 21. However the King got in a few days extra time, judging from the weather of the past week. "Tis rather warm this morning but the weather bureau gives out the following forecast for today (we won't vouch for it):

"The Southern front of the cold wave had this morning reached Southern Missouri and Central Illinois. The cold wave will spread slowly southward and should begin to be felt in this section tonight. The temperature will fall steadily during Thursday, but the full effect of the cold wave, probably bringing zero temperatures, will not be reached before Thursday night.

Make his Christmas happy by giving him a Lounging Robe or Smoking Jacket from D. Hechinger & Co.

PRAYER MEETING

Regular weekly prayer meeting service at the Third Street M. E. Church this evening 7 o'clock will be led by pastor, Rev. S. K. Hunt.

All are cordially invited to attend this service. A Christian welcome awaits you.

The choir will practice immediately following this service.

OPPORTUNITY FOR YOUNG WOMEN

To secure a profession which entitles them to the respect of the Community, fit them for any walk in life, and provides an independent source of income. Maintenance and salary while learning the art of Nursing. Requirements: Good morals, grammar school education and good health. Applicants, apply to Haywood Hospital, Maysville, Ky.

RIVER NEWS

The gauge marks 9.9 this morning and rising.

The river is still full of floating ice, although it is all very small. None of the packets are running however.

The warm spell now in sway will have the tendency to cause a decided rise in the stage of the river.

THE WORLD ENDS TODAY

The stupendous spectacle "The End of the World" is the special attraction at the Pastime today, afternoon and night. This is the most sensational picture that was ever made. The price of admission for this extraordinary feature are children 10 cents; adults 20 cents.

MADE ADMINISTRATOR

In the Mason County Court yesterday it was ordered that the Equitable Trust Co. of Dover be appointed as administrator of Thomas Herron, deceased, and qualified as such with its capital stock as surety.

McNamara will be glad to press your suit for the Xmas holidays. Phone 357 "Ho Whi Call."

DOMESTIC SCIENCE SCORES A POINT

A recent issue of the Oxford, North Carolina Public Ledger prints the following complimentary reference to Mrs. Anna Cummings, formerly of Maysville and a widow of the late J. H. Cummings:

The Domestic Science Department of the Oxford Woman's Club, having for its chairman that splendid lady, Mrs. J. D. Broome, gave a demonstration in cooking last Thursday in the Mitchell building. Mrs. Anna Cummings, of Kentucky, now the domestic science teacher at the Oxford Orphanage, was the demonstrator. She is a graduate of the American School of Home Economics and has had an experience covering six years in the art of cooking. When beefsteak is not palatable it is customary to charge the shortcomings to the beef or the butcher, and in many instances the butcher is at fault. In this demonstration a quantity of beef was secured, not unlike beef that is consumed in Oxford every day. Mr. Hubert Turner, the butcher, was present and carved the meat according to the directions of Mrs. Cummings. The cooking process was simple enough but it is all in knowing how. The taste, flavor, and aroma were the points of excellence attained by this gifted lady. Mr. R. L. Brown, superintendent of the Oxford Orphanage, is to be congratulated in securing Mrs. Cummings as domestic science teacher. From the institution will go many girls to brighten and make the home worth while by a knowledge of domestic science as taught them in this superior lady. And then, too, it is well to have Mrs. Cummings in our midst, since none are too old to learn at her hands. Mrs. Cummings was happily introduced to the club by Mrs. Henry Cooper and D. G. Brummitt gave a demonstration in scientific dish washing.

Community Silver always makes a most acceptable gift. Mike Brown is showing a complete line.

WHAT CHRISTMAS SEALS DO

Every Red Cross Christmas seal that is sold is a real bullet in the fight against tuberculosis.

Those seals last year helped to support thousands of needy tuberculosis patients and to give them a chance for life.

They provided for many visiting nurses whose hundreds of thousands of visits brought instruction and cheer to numerous patients.

They helped to maintain dispensaries in scores of cities, from the Atlantic to the Pacific, where thousands of consumptive patients received free treatment, aid and advice.

They provided the means to purchase millions of copies of circulars, pamphlets and other literature with which the public has been educated about tuberculosis.

They have established and helped to maintain more than 300 open air schools for children who need open air treatment.

These are just a few of the ways in which the hundreds of thousands of dollars received last year were expended.

This year much more is needed. Surely any one can help by buying at least ten seals.

The Maysville Public Schools will close tomorrow at noon for the Christmas holidays, reopening on Wednesday, January 3. Several of the different rooms in the school have planned Christmas entertainments for tomorrow morning. At the High School a literary program will be held during the regular chapel period.

In the Mason Circuit Court yesterday Clarence Maina, S. K. Pollitt and Robert Pollitt, late partners as Minns & Pollitt, filed suit against W. E. Strausbaugh for \$298.50 for a debt which the defendant owed the plaintiffs. They are represented by Hon. Stanley F. Reed.

Dr. J. W. Porter and Rev. Owen Williams will assist Pastor N. F. Jones in the ordination of Mr. John I. Claybrook to the deaconship of the First Baptist Church tonight at 7 o'clock. Public invited.

Circuit Court reconvened this morning after a general day recess. The court will probably only hold session two days and then adjourn until after the holidays.

Little Miss Georgia Fizer, daughter of Policeman and Mrs. Dudley Fizer, who has been quite ill, is reported as improving.

Don't worry about what to give a man for Christmas. Just determine to come to Hechinger's for it.

ENDORSED AT HOME

Such Proof as This Should Convince Any Maysville Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Frank Taylor, Prop. harbor shop, 401 E. Second St., Maysville, says: "A few months ago, I had a slight attack of kidney trouble and my kidneys were irregular in action. The kidney secretions were too frequent in passage and then again, were scanty and highly colored. I had a dull, steady ache through the small of my back and my back was weak. Four boxes of Doan's Kidney Pills, which I got at Chinnor's Drug Store, cured me of the complaint."

Mr. Taylor is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the remedy that cured Mr. Taylor—the remedy backed by home testimony. 50c all stores. Foster-McMurray Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

BOOTH IN POSTOFFICE

The Mason County Health League has established a booth in the Postoffice for the purpose of selling Red Cross Seals to those who care to purchase them. This is a most worthy cause and it is hoped that many of Maysville's citizens will purchase the stamps. These stamps are being sold in order to gain money to fight the great White Plague.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O.
